MOUNTING INSTRUCTIONS

1. Optional: Remove the metal circles on the front of the rack with a screwdriver and a hammer and connect the pigtails from the back of the ForePoint to the round holes. Pigtails not provided.
2. Remove 2 screws from the left side of the appliance and 1 screw on the right side of the appliance.
3. Optional: Place the powersupply on the rack, fix it with zip ties and tie the excess length of the power cable down with another zip tie.
4. Place your Forcepoint on the rack and fix the Forcepoint with the provided bolts on each side of the appliance.
5. Connect the cables from your Forcepoint to the connectors.
6. Optional: use two zip ties to hold the cables together.
7. Place the Rackmount.IT front plate below the FP-Rack in your 19 inch rack. Together they are 2U high.
